## Ring Size Guide

Ensure that you print this guide at $100 \%$, or Actual Size, on an A4 page ( $210 \mathrm{~mm} \times 297 \mathrm{~mm}$ ). You can check that the print is correctly sized by placing a credit card within the outline to the left (don't worry about the rounded corners). The outline should line-up tightly with the edges of your card. If you're struggling to print this guide at an accurate size, contact Client Services and book an appointment to speak to one of our Brand Ambassadors.

Please note that this PDF acts as a guide and is not as accurate as being measured in person.
However, if the size is not quite right once you receive your ring, our Client Services will be happy to assist with an exchange or complimentary re-size within three months of purchase. Note, not all styles can be re-sized, but certain styles can be re-sized within two sizes up or down.

## Contact Client Services

If you you have any queries or wish to book an appointment please email our client services team at clientservices@debeers.com.

## Match an Existing Ring

Place a comfortable ring that you already own - or, if this is a gift, you could enlist the help of friends to borrow a ring from the intended recipient - onto the circles below. Try to match the inside of the ring as precisely as you can to the white circle nearest in size. If the ring seems to fall between two sizes,
we suggest ordering the largest size.
$U S 4$
47
$H 1 / 2$

US 13

W $1 / 2$

| Diameter | Inside Circumference | United States \& Canada | Europe | UK \& Australia | Singapore \& Japan | Hong Kong | Switzerland |
